

NOTOWAY COUNTY EMERGENCY PROCUREMENT FORM

Date Awarded: March 5, 2024

Vendor:

Company Name: Walker's Hauling Company Phone: (434) 292-4171

Address: 111 Babs Lane, Blackstone, VA 23824

Description of goods or services:

Services provided by Walker's Hauling Co.: To transfer up to 60 loads (6,000 gallons each load) of leachate from the Nottoway County Landfill to the City of Lynchburg in order to meet DEQ regulations and prevent spills

The reason for the selection of this particular Vendor is:

Leachate tanks can only be used for the sole purpose of transporting this toxic fluid, and Walker's Hauling was the means to do so in a cost-effective and timely manner.

This emergency procurement determination is based on the following:

The County has rented ten (10) tanks which hold a capacity of 20,000 gallons each to prevent spill. See attached pictures. Also, a significant/record-breaking rainfall has created more leachate. Therefore, the problem has now been elevated to an emergency.

From our investigation, it was determined that the price is fair and reasonable in this particular Emergency situation.
