Madam Chair Simmons called the work session to order at 7:00 p.m.

Supervisor Steve Bowen provided the invocation. Madam Chair Simmons led everyone in the pledge of allegiance to our flag.

The Board hears information relating to the following items that will be on the agenda for the regular meeting next week:

1 – Ordinance to exempt solar panels – residential & commercial: Administrator Roark reads aloud the proposed Ordinance

Supervisor Bowen questions if there is a way to guarantee that a future Board will review this Ordinance as it declares; Administrator Roark answers that there is no real way but feels sure the Commissioner of the Revenue will assist with this.

TO AMEND SOLAR PANELS)

2 – Presentation – Landfill: Landfill Supervisor, Gary Easter, will make a presentation at the request of Madam Chair Simmons.

Administrator Roark announces that since he prepared and distributed the agenda for the night's work session, Melody Foster has informed that she will attend the regular meeting next week to make a presentation on the Comprehensive Economic Development Strategy; and the planned inclusion of both Nottoway and Cumberland Counties. It is reported that the information has been placed on the County's website and public comments are encouraged.

Madam Chair Simmons states that she has had County citizens ask her if the Board will offer an extension on the due date of the Real Estate and Personal Property taxes. Supervisor Roark asks if the penalty and interest can be delayed with any due date extension. Administrator Roark states that it can be extended for a period of time and he will provide information on this at the regular meeting next week.

3 – Replacement of Registrar's building

Administrator Roark explains that as a result of communications with Madam Chair Simmons and her desire to locate the Registrar's Office back on the Courthouse Complex, as well as the realism that any planned new construction resulting from the Courthouse facilities study will be put on hold for the foreseeable future, Staff has obtained a bid for a 24' x 60' modular unit to be placed in the same spot as the existing building that is set to be demolished. A purchase order has been issued for the removal of the asbestos siding on the building at a cost of \$2,970.00.
